Background

The Terrorism Risk Insurance Act (TRIA) of 2002 established a program (Terrorism Risk Insurance Program) within the Department of the Treasury, under which the federal government shares, with the insurance industry, the risk of loss from future terrorist attacks. Pursuant to Section 103(c) of the Act, all insurers providing insurance for applicable lines of business are required to participate in the program by making available coverage for insured losses resulting from an act of terrorism as defined by the Act (so-called certified acts coverage). The Terrorism Risk Insurance Program was extended for two years, until December 31, 2007, by the Terrorism Risk Insurance Extension Act of 2005, which incorporated various changes with respect to federal share of losses and affected lines of business. We responded in the past to each of these enactments, with filings of disclosure forms and various endorsements addressing the terrorism risk.

Current Environment

The federal Terrorism Risk Insurance Program has been revised and extended by the Terrorism Risk Insurance Program Reauthorization Act of 2007, which incorporates various changes to the Program.

Under Section 102(1)(A)(iv) of the Act, the definition of an act of terrorism (with respect to certification of such act) is revised by eliminating the criterion that the act be committed on behalf of a foreign person or foreign interest. As revised, the definition, in part, requires the act to have been committed by an individual or individuals as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States Government by coercion.

Explanation of Changes

Certified Acts

In Endorsement IL 09 52, which asserts the statutory cap on losses, Crime And Fidelity is removed from the list of affected lines of business. The statutory cap is inapplicable to Crime And Fidelity losses because the federal Terrorism Risk Insurance Program does not apply to this line of business.

In Endorsements IL 09 86 and IL 09 87, which provide limitations on terrorism coverage and assert the statutory cap with respect to covered losses, the provision relating to the cap is made inapplicable to losses incurred under the Crime And Fidelity Coverage Part. As explained in previous filing CL-2007-OTRP1, these endorsements can be used for Crime And Fidelity when that line of business is written in a commercial package policy, in order to enable consistent treatment of the terrorism exposure within such policy.

Other Acts

The revised definition of terrorism with respect to certification, as outlined above under Current Environment, encompasses acts committed by any individual or individuals without regard to the involvement of a foreign interest. Thus, the scope of the revised definition is broadened. It will now encompass so-called domestic acts, provided such acts meet all other criteria for certification. In current ISO forms, the exclusions and limitations on "other acts" of terrorism (acts other than certified acts) are generally considered relevant primarily to the domestic terrorism exposure. In light of this, we are withdrawing the forms providing exclusions and limitations on "other acts", including those which address both certified acts and "other acts". We are retaining (and revising) forms relating solely to certified acts, which were the subject of a recent filing, CL-2007-OTRP1.

There is the possibility of a residual exposure for acts of terrorism that are not considered certified acts. An insurer should consider its view on that exposure, and such factors as its individual underwriting philosophy and the profile of its book of business, to determine its business needs as they relate to this exposure.

State Applicability Of Current Forms

Refer to the appendix of this explanatory memorandum for current state applicability of the forms addressed in this filing. State applicability depends on the status and requirements of the statutory Standard Fire Policy, if any, with respect to coverage for fire following terrorism.

CRIME AND FIDELITY COVERAGE PART
EQUIPMENT BREAKDOWN COVERAGE PART

A. Cap On Certified Terrorism Losses

"Certified act of terrorism" means an act that is certified by the Secretary of the Treasury, in concurrence with the Secretary of State and the Attorney General of the United States, to be an act of terrorism pursuant to the federal Terrorism Risk Insurance Act. The criteria contained in the Terrorism Risk Insurance Act for a "certified act of terrorism" include the following:

1. The act resulted in insured losses in excess of \$5 million in the aggregate, attributable to all types of insurance subject to the Terrorism Risk Insurance Act; and
2. The act is a violent act or an act that is dangerous to human life, property or infrastructure and is committed by an individual or individuals as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States Government by coercion.

If aggregate insured losses attributable to terrorist acts certified under the Terrorism Risk Insurance Act exceed \$100 billion in a Program Year (January 1 through December 31) and we have met our insurer deductible under the Terrorism Risk Insurance Act, we shall not be liable for the payment of any portion of the amount of such losses that exceeds \$100 billion, and in such case insured losses up to that amount are subject to pro rata allocation in accordance with procedures established by the Secretary of the Treasury.

B. Application Of Exclusions

The terms and limitations of any terrorism exclusion, or the inapplicability or omission of a terrorism exclusion, do not serve to create coverage for any loss which would otherwise be excluded under this Coverage Part or Policy, such as losses excluded by the Nuclear Hazard Exclusion or the War And Military Action Exclusion.

The criteria contained in the Terrorism Risk Insurance Act for a "certified act of terrorism" include the following:

1. The act resulted in insured losses in excess of \$5 million in the aggregate, attributable to all types of insurance subject to the Terrorism Risk Insurance Act; and
2. The act is a violent act or an act that is dangerous to human life, property or infrastructure and is committed by an individual or individuals as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States Government by coercion.

B. The following exclusion is added:

LIMITED EXCLUSION OF CERTIFIED ACTS OF TERRORISM

We will not pay for loss or damage caused directly or indirectly by a "certified act of terrorism". Such loss or damage is excluded regardless of any other cause or event that contributes concurrently or in any sequence to the loss. But this exclusion applies only when one or more of the following are attributed to such act:

1. The terrorism is carried out by means of the dispersal or application of radioactive material, or through the use of a nuclear weapon or device that involves or produces a nuclear reaction, nuclear radiation or radioactive contamination; or
2. Radioactive material is released, and it appears that one purpose of the terrorism was to release such material; or
3. The terrorism is carried out by means of the dispersal or application of pathogenic or poisonous biological or chemical material; or
4. Pathogenic or poisonous biological or chemical material is released, and it appears that one purpose of the terrorism was to release such material.

When this terrorism exclusion applies in accordance with the terms of Paragraph B.1. or B.2., the terrorism exclusion applies without regard to the Nuclear Hazard Exclusion in this Coverage Part or Policy.

C. Exception Covering Certain Fire Losses

The following exception to the exclusion in Paragraph B. applies only if indicated and as indicated in the Schedule of this endorsement.

If a "certified act of terrorism" excluded under Paragraph B. results in fire, we will pay for the loss or damage caused by that fire, subject to all applicable policy provisions including the Limit of Insurance on the affected property. Such coverage for fire applies only to direct loss or damage by fire to Covered Property. Therefore, for example, the coverage does not apply to insurance provided under Business Income and/or Extra Expense coverage forms or endorsements that apply to those coverage forms, or to the Legal Liability Coverage Form or the Leasehold Interest Coverage Form.

D. Cap On Certified Terrorism Losses

The following limitation applies to coverage for any one or more "certified acts of terrorism" that are not excluded by the terms of the exclusion in Paragraph B. and to any loss or damage that is covered and to which the exception in Paragraph C. applies:

If aggregate insured losses attributable to terrorist acts certified under the Terrorism Risk Insurance Act exceed \$100 billion in a Program Year (January 1 through December 31) and we have met our insurer deductible under the Terrorism Risk Insurance Act, we shall not be liable for the payment of any portion of the amount of such losses that exceeds \$100 billion, and in such case insured losses up to that amount are subject to pro rata allocation in accordance with procedures established by the Secretary of the Treasury.

This Paragraph, D., does not apply to insurance provided under the Crime And Fidelity Coverage Part.

E. Application Of Exclusions

The terms and limitations of any terrorism exclusion, or the non-applicability or omission of a terrorism exclusion, do not serve to create coverage for any loss which would otherwise be excluded under this Coverage Part or Policy, such as losses excluded by the War And Military Action Exclusion.

- A. The following definition is added with respect to the provisions of this endorsement:

"Certified act of terrorism" means an act that is certified by the Secretary of the Treasury, in concurrence with the Secretary of State and the Attorney General of the United States, to be an act of terrorism pursuant to the federal Terrorism Risk Insurance Act. The criteria contained in the Terrorism Risk Insurance Act for a "certified act of terrorism" include the following:

1. The act resulted in insured losses in excess of \$5 million in the aggregate, attributable to all types of insurance subject to the Terrorism Risk Insurance Act; and
2. The act is a violent act or an act that is dangerous to human life, property or infrastructure and is committed by an individual or individuals as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States Government by coercion.

B. Application Of Exclusions

The terms and limitations of any terrorism exclusion, or the non-applicability or omission of a terrorism exclusion, do not serve to create coverage for any loss which would otherwise be excluded under this Coverage Part or Policy, such as losses excluded by the Nuclear Hazard Exclusion or the War And Military Action Exclusion.

C. Limitation Of Amount Of Coverage For Certified Acts Of Terrorism

When coverage applies to loss or damage caused by a "certified act of terrorism", the full Limit of Insurance on the affected property or coverage does not apply to such loss or damage. Instead, the following limitation applies to the loss or damage. The limitation applies even if another Covered Cause of Loss contributes concurrently or in any sequence to the loss or damage, except as otherwise provided in this endorsement.

The Certified Acts Sub-Limit is the most we will pay for the total of all loss or damage (sustained under the coverage to which the Sub-Limit applies) caused by one or more "certified acts of terrorism" in an annual policy period. If losses from a "certified act of terrorism" do not exhaust the Certified Acts Sub-Limit, then the balance of that Sub-Limit is available for losses from a later act(s) that occurs in the same annual policy period. If a "certified act of terrorism" begins during one annual policy period and ends during the following annual policy period, the only amount of coverage available is the Sub-Limit (or balance of it) applicable to the annual policy period in which such act began.

Amounts payable under a Coverage Extension, Additional Coverage or similar provision in the policy do not increase the Certified Acts Sub-Limit.

D. Exception: Non-Applicability Of The Certified Acts Sub-Limit To Certain Fire Losses

The following exception applies only with respect to property located in the states indicated in Part II of the Schedule of this endorsement, if covered under the Coverage Form, Coverage Part or Policy indicated therein. The exception relates only to loss or damage caused by a "certified act of terrorism".

When covered direct loss or damage attributable to fire exceeds the amount of the Sub-Limit, we will pay the full amount of the fire loss, up to the Limit of Insurance on the affected property, subject to policy provisions including Deductible and Valuation. In that circumstance, the Limit of Insurance is the most we will pay for the total of all covered direct loss or damage by fire and any other effect of the "certified act of terrorism" and any other Covered Cause of Loss that contributes concurrently or in any sequence to the loss or damage.

When covered direct loss or damage attributable to fire is less than the Sub-Limit, then the Sub-Limit is the most we will pay for the total of fire and any other covered loss or damage.

This Paragraph, D., does not apply to insurance provided under Business Income and/or Extra Expense coverage forms or endorsements that apply to those coverage forms, or to the Legal Liability Coverage Form or the Leasehold Interest Coverage Form. Therefore, when a Sub-Limit is shown for those coverages, the Sub-Limit for those coverages is the maximum recoverable regardless of whether fire is an effect of the "certified act of terrorism".

E. Cap On Certified Terrorism Losses

If aggregate insured losses attributable to terrorist acts certified under the Terrorism Risk Insurance Act exceed \$100 billion in a Program Year (January 1 through December 31) and we have met our insurer deductible under the Terrorism Risk Insurance Act, we shall not be liable for the payment of any portion of the amount of such losses that exceeds \$100 billion, and in such case insured losses up to that amount are subject to pro rata allocation in accordance with procedures established by the Secretary of the Treasury.

This Paragraph, E., does not apply to insurance provided under the Crime And Fidelity Coverage Part.

LIMITED EXCLUSION OF ACTS OF TERRORISM (OTHER THAN CERTIFIED ACTS OF TERRORISM); CAP ON LOSSES FROM CERTIFIED ACTS OF TERRORISM; COVERAGE FOR CERTAIN FIRE LOSSES

This endorsement modifies insurance provided under the following:

COMMERCIAL INLAND MARINE COVERAGE PART
COMMERCIAL PROPERTY COVERAGE PART

STANDARD PROPERTY POLICY

A. The following definitions are added with respect to the provisions of this endorsement:

1. "Certified act of terrorism" means an act that is certified by the Secretary of the Treasury, in concurrence with the Secretary of State and the Attorney General of the United States, to be an act of terrorism pursuant to the federal Terrorism Risk Insurance Act of 2002. The criteria contained in that Act for a "certified act of terrorism" include the following:
 - a. The act resulted in aggregate losses in excess of \$5 million; and
 - b. The act is a violent act or an act that is dangerous to human life, property or infrastructure and is committed by an individual or individuals acting on behalf of any foreign person or foreign interest, as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States Government by coercion.
2. "Other act of terrorism" means a violent act or an act that is dangerous to human life, property or infrastructure that is committed by an individual or individuals and that appears to be part of an effort to coerce a civilian population or to influence the policy or affect the conduct of any government by coercion, and the act is not certified as a terrorist act pursuant to the federal Terrorism Risk Insurance Act of 2002. However, "other act of terrorism" does not include an act which meets the criteria set forth in Paragraph b. of the definition of "certified act of terrorism", when such act resulted in aggregate losses of \$5 million or less.

B. The following exclusion is added:

EXCLUSION OF AN "OTHER ACT OF TERRORISM"

We will not pay for loss or damage caused directly or indirectly by an "other act of terrorism". Such loss or damage is excluded regardless of any other cause or event that contributes concurrently or in any sequence to the loss. But this exclusion applies only when one or more of the following are attributed to such act:

1. The terrorism is carried out by means of the dispersal or application of pathogenic or poisonous biological or chemical materials; or
2. Pathogenic or poisonous biological or chemical materials are released, and it appears that one purpose of the terrorism was to release such materials; or
3. The total of insured damage to all types of property in the United States, its territories and possessions, Puerto Rico and Canada exceeds \$25,000,000. In determining whether the \$25,000,000 threshold is exceeded, we will include all insured damage sustained by property of all persons and entities affected by the terrorism and business interruption losses sustained by owners or occupants of the damaged property. For the purpose of this provision, insured damage means damage that is covered by any insurance plus damage that would be covered by any insurance but for the application of any terrorism exclusions. Multiple incidents of "other acts of terrorism" which occur within a 72-hour period and appear to be carried out in concert or to have a related purpose or common leadership will be deemed to be one incident.

With respect to this Item B.3., the immediately preceding paragraph describes the threshold used to measure the magnitude of an "other act of terrorism" and the circumstances in which the threshold will apply, for the purpose of determining whether this exclusion will apply to that incident. When the exclusion applies to an "other act of terrorism", there is no coverage under this Coverage Part or Standard Property Policy.

C. Exception Covering Certain Fire Losses

If an "other act of terrorism" results in fire, we will pay for the loss or damage caused by that fire. Such coverage for fire applies only to direct loss or damage by fire to Covered Property. Therefore, for example, the exception does not apply to insurance provided under Business Income and/or Extra Expense coverage forms or endorsements which apply to those forms, or to the Legal Liability Coverage Form or the Leasehold Interest Coverage Form.

D. Cap On Certified Terrorism Losses

With respect to any one or more "certified acts of terrorism" under the federal Terrorism Risk Insurance Act of 2002, we will not pay any amounts for which we are not responsible under the terms of that Act (including subsequent action of Congress pursuant to the Act) due to the application of any clause which results in a cap on our liability for payments for terrorism losses.

E. Application Of Other Exclusions

The terms and limitations of any terrorism exclusion, or the inapplicability or omission of a terrorism exclusion, do not serve to create coverage for any loss which would otherwise be excluded under this Coverage Part or Standard Property Policy, such as losses excluded by the Nuclear Hazard Exclusion or the War And Military Action Exclusion.

For the purpose of this provision, insured damage means damage that is covered by any insurance plus damage that would be covered by any insurance but for the application of any terrorism exclusions. Multiple incidents of "other acts of terrorism" which occur within a 72-hour period and appear to be carried out in concert or to have a related purpose or common leadership will be deemed to be one incident.

With respect to this Item B.3., the immediately preceding paragraph describes the threshold used to measure the magnitude of an "other act of terrorism" and the circumstances in which the threshold will apply, for the purpose of determining whether this exclusion will apply to that incident. When the exclusion applies to an "other act of terrorism", there is no coverage under this Coverage Part or Policy.

C. Application Of Other Exclusions

The terms and limitations of any terrorism exclusion, or the inapplicability or omission of a terrorism exclusion, do not serve to create coverage for any loss which would otherwise be excluded under this Coverage Part or Policy, such as losses excluded by the Nuclear Hazard Exclusion or the War And Military Action Exclusion.

A. The following definitions are added with respect to the provisions of this endorsement:

1. "Certified act of terrorism" means an act that is certified by the Secretary of the Treasury, in concurrence with the Secretary of State and the Attorney General of the United States, to be an act of terrorism pursuant to the federal Terrorism Risk Insurance Act of 2002. The criteria contained in that Act for a "certified act of terrorism" include the following:
 - a. The act resulted in aggregate losses in excess of \$5 million; and
 - b. The act is a violent act or an act that is dangerous to human life, property or infrastructure and is committed by an individual or individuals acting on behalf of any foreign person or foreign interest, as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States Government by coercion.
2. "Other act of terrorism" means a violent act or an act that is dangerous to human life, property or infrastructure that is committed by an individual or individuals and that appears to be part of an effort to coerce a civilian population or to influence the policy or affect the conduct of any government by coercion, and the act is not certified as a terrorist act pursuant to the federal Terrorism Risk Insurance Act of 2002. However, "other act of terrorism" does not include an act which meets the criteria set forth in Paragraph b. of the definition of "certified act of terrorism", when such act resulted in aggregate losses of \$5 million or less.

B. The following exclusion is added:

EXCLUSION OF AN "OTHER ACT OF TERRORISM"

We will not pay for loss or damage caused directly or indirectly by an "other act of terrorism". Such loss or damage is excluded regardless of any other cause or event that contributes concurrently or in any sequence to the loss. But this exclusion applies only when one or more of the following are attributed to such act:

1. The terrorism is carried out by means of the dispersal or application of pathogenic or poisonous biological or chemical materials; or
2. Pathogenic or poisonous biological or chemical materials are released, and it appears that one purpose of the terrorism was to release such materials; or

3. The total of insured damage to all types of property in the United States, its territories and possessions, Puerto Rico and Canada exceeds \$25,000,000. In determining whether the \$25,000,000 threshold is exceeded, we will include all insured damage sustained by property of all persons and entities affected by the terrorism and business interruption losses sustained by owners or occupants of the damaged property. For the purpose of this provision, insured damage means damage that is covered by any insurance plus damage that would be covered by any insurance but for the application of any terrorism exclusions. Multiple incidents of "other acts of terrorism" which occur within a 72-hour period and appear to be carried out in concert or to have a related purpose or common leadership will be deemed to be one incident.

With respect to this Item B.3., the immediately preceding paragraph describes the threshold used to measure the magnitude of an "other act of terrorism" and the circumstances in which the threshold will apply, for the purpose of determining whether this exclusion will apply to that incident. When the exclusion applies to an "other act of terrorism", there is no coverage under this Coverage Part or Policy.

C. Cap On Certified Terrorism Losses

With respect to any one or more "certified acts of terrorism" under the federal Terrorism Risk Insurance Act of 2002, we will not pay any amounts for which we are not responsible under the terms of that Act (including subsequent action of Congress pursuant to the Act) due to the application of any clause which results in a cap on our liability for payments for terrorism losses.

D. Application Of Other Exclusions

The terms and limitations of any terrorism exclusion, or the inapplicability or omission of a terrorism exclusion, do not serve to create coverage for any loss which would otherwise be excluded under this Coverage Part or Policy, such as losses excluded by the Nuclear Hazard Exclusion or the War And Military Action Exclusion.

1. "Certified act of terrorism" means an act that is certified by the Secretary of the Treasury, in concurrence with the Secretary of State and the Attorney General of the United States, to be an act of terrorism pursuant to the federal Terrorism Risk Insurance Act of 2002. The criteria contained in that Act for a "certified act of terrorism" include the following:

2. "Other act of terrorism" means a violent act or an act that is dangerous to human life, property or infrastructure that is committed by an individual or individuals and that appears to be part of an effort to coerce a civilian population or to influence the policy or affect the conduct of any government by coercion, and the act is not certified as a terrorist act pursuant to the federal Terrorism Risk Insurance Act of 2002. However, "other act of terrorism" does not include an act which meets the criteria set forth in Paragraph b. of the definition of "certified act of terrorism", when such act resulted in aggregate losses of \$5 million or less.

B. The following exclusion is added:

EXCLUSION OF AN "OTHER ACT OF TERRORISM"

We will not pay for loss or damage caused directly or indirectly by an "other act of terrorism". Such loss or damage is excluded regardless of any other cause or event that contributes concurrently or in any sequence to the loss. When the exclusion applies to an "other act of terrorism", there is no coverage under this Coverage Part or Standard Property Policy.

C. Exception Covering Certain Fire Losses

If an "other act of terrorism" results in fire, we will pay for the loss or damage caused by that fire. Such coverage for fire applies only to direct loss or damage by fire to Covered Property. Therefore, for example, the exception does not apply to insurance provided under Business Income and/or Extra Expense coverage forms or endorsements which apply to those forms, or to the Legal Liability Coverage Form or the Leasehold Interest Coverage Form.

Such coverage for fire applies only to direct loss or damage by fire to Covered Property. Therefore, for example, the coverage does not apply to insurance provided under Business Income and/or Extra Expense coverage forms or endorsements which apply to those forms, or to the Legal Liability Coverage Form or the Leasehold Interest Coverage Form.

With respect to fire resulting from any one or more "certified acts of terrorism" under the federal Terrorism Risk Insurance Act of 2002, we will not pay any amounts for which we are not responsible under the terms of that Act (including subsequent action of Congress pursuant to the Act) due to the application of any clause which results in a cap on our liability for payments for terrorism losses.

D. Application Of Other Exclusions

The terms and limitations of any terrorism exclusion, or the inapplicability or omission of a terrorism exclusion, do not serve to create coverage for any loss which would otherwise be excluded under this Coverage Part or Standard Property Policy, such as losses excluded by the Nuclear Hazard Exclusion or the War And Military Action Exclusion.

A. The following definitions are added with respect to the provisions of this endorsement:

1. "Certified act of terrorism" means an act that is certified by the Secretary of the Treasury, in concurrence with the Secretary of State and the Attorney General of the United States, to be an act of terrorism pursuant to the federal Terrorism Risk Insurance Act of 2002. The criteria contained in that Act for a "certified act of terrorism" include the following:

- a. The act resulted in aggregate losses in excess of \$5 million; and
- b. The act is a violent act or an act that is dangerous to human life, property or infrastructure and is committed by an individual or individuals acting on behalf of any foreign person or foreign interest, as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States Government by coercion.

2. "Other act of terrorism" means a violent act or an act that is dangerous to human life, property or infrastructure that is committed by an individual or individuals and that appears to be part of an effort to coerce a civilian population or to influence the policy or affect the conduct of any government by coercion, and the act is not certified as a terrorist act pursuant to the federal Terrorism Risk Insurance Act of 2002. However, "other act of terrorism" does not include an act which meets the criteria set forth in Paragraph b. of the definition of "certified act of terrorism", when such act resulted in aggregate losses of \$5 million or less.

B. The following exclusion is added:

EXCLUSION OF AN "OTHER ACT OF TERRORISM"

We will not pay for loss or damage caused directly or indirectly by an "other act of terrorism". Such loss or damage is excluded regardless of any other cause or event that contributes concurrently or in any sequence to the loss. But this exclusion applies only when one or more of the following are attributed to such act:

1. The terrorism is carried out by means of the dispersal or application of pathogenic or poisonous biological or chemical materials; or
2. Pathogenic or poisonous biological or chemical materials are released, and it appears that one purpose of the terrorism was to release such materials; or

3. The total of insured damage to all types of property in the United States, its territories and possessions, Puerto Rico and Canada exceeds \$25,000,000. In determining whether the \$25,000,000 threshold is exceeded, we will include all insured damage sustained by property of all persons and entities affected by the terrorism and business interruption losses sustained by owners or occupants of the damaged property. For the purpose of this provision, insured damage means damage that is covered by any insurance plus damage that would be covered by any insurance but for the application of any terrorism exclusions. Multiple incidents of "other acts of terrorism" which occur within a 72-hour period and appear to be carried out in concert or to have a related purpose or common leadership will be deemed to be one incident.

With respect to this Item B.3., the immediately preceding paragraph describes the threshold used to measure the magnitude of an "other act of terrorism" and the circumstances in which the threshold will apply, for the purpose of determining whether this exclusion will apply to that incident. When the exclusion applies to an "other act of terrorism", there is no coverage under this Coverage Part or Policy.

C. Cap On Certified Terrorism Losses

With respect to any one or more "certified acts of terrorism" under the federal Terrorism Risk Insurance Act of 2002, we will not pay any amounts for which we are not responsible under the terms of that Act (including subsequent action of Congress pursuant to the Act) due to the application of any clause which results in a cap on our liability for payments for terrorism losses.

D. Application Of Other Exclusions

The terms and limitations of any terrorism exclusion, or the inapplicability or omission of a terrorism exclusion, do not serve to create coverage for any loss which would otherwise be excluded under this Coverage Part or Policy, such as losses excluded by the Nuclear Hazard Exclusion or the War And Military Action Exclusion.

A. The following definitions are added with respect to the provisions of this endorsement:

1. "Certified act of terrorism" means an act that is certified by the Secretary of the Treasury, in concurrence with the Secretary of State and the Attorney General of the United States, to be an act of terrorism pursuant to the federal Terrorism Risk Insurance Act of 2002. The criteria contained in that Act for a "certified act of terrorism" include the following:

- a. The act resulted in aggregate losses in excess of \$5 million; and
- b. The act is a violent act or an act that is dangerous to human life, property or infrastructure and is committed by an individual or individuals acting on behalf of any foreign person or foreign interest, as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States Government by coercion.

2. "Other act of terrorism" means a violent act or an act that is dangerous to human life, property or infrastructure that is committed by an individual or individuals and that appears to be part of an effort to coerce a civilian population or to influence the policy or affect the conduct of any government by coercion, and the act is not certified as a terrorist act pursuant to the federal Terrorism Risk Insurance Act of 2002.

B. The following exclusion is added:

LIMITED EXCLUSION OF CERTIFIED ACTS AND OTHER ACTS OF TERRORISM

We will not pay for loss or damage caused directly or indirectly by a "certified act of terrorism" or an "other act of terrorism". Such loss or damage is excluded regardless of any other cause or event that contributes concurrently or in any sequence to the loss. But this exclusion applies only when one or more of the following are attributed to such act:

1. The terrorism is carried out by means of the dispersal or application of radioactive material, or through the use of a nuclear weapon or device that involves or produces a nuclear reaction, nuclear radiation or radioactive contamination; or
2. Radioactive material is released, and it appears that one purpose of the terrorism was to release such material; or
3. The terrorism is carried out by means of the dispersal or application of pathogenic or poisonous biological or chemical material; or

4. Pathogenic or poisonous biological or chemical material is released, and it appears that one purpose of the terrorism was to release such material.

When this terrorism exclusion is made applicable in accordance with the terms of Paragraph B.1. or B.2., the terrorism exclusion applies without regard to the Nuclear Hazard Exclusion in this Coverage Part or Policy.

C. Exception Covering Certain Fire Losses

The following exception to the exclusion in B. above applies only if indicated and as indicated in the Schedule of this endorsement.

If a "certified act of terrorism" or an "other act of terrorism" excluded under Paragraph B. results in fire, we will pay for the loss or damage caused by that fire, subject to all applicable policy provisions including the Limit of Insurance on the affected property. Such coverage for fire applies only to direct loss or damage by fire to Covered Property. Therefore, for example, the coverage does not apply to insurance provided under Business Income and/or Extra Expense coverage forms or endorsements that apply to those coverage forms, or to the Legal Liability Coverage Form or the Leasehold Interest Coverage Form.

D. Cap On Certified Terrorism Losses

The following limitation applies to coverage for any one or more "certified acts of terrorism" that are not excluded by the terms of the exclusion in Paragraph B. and to any loss or damage (from a "certified act of terrorism") that is covered and to which the exception in Paragraph C. applies:

We will not pay any amounts for which we are not responsible under the terms of the Terrorism Risk Insurance Act of 2002 (including subsequent action of Congress pursuant to the Act) due to the application of any clause which results in a cap on our liability for payments for terrorism losses.

E. Application Of Exclusions

The terms and limitations of any terrorism exclusion, or the non-applicability or omission of a terrorism exclusion, do not serve to create coverage for any loss which would otherwise be excluded under this Coverage Part or Policy, such as losses excluded by the War And Military Action Exclusion.

SCHEDULE

SCHEDULE PART I – Applicability Of Terrorism Sub-Limit

Coverage Form, Coverage Part Or Policy	Description Of Property Or Coverage	Terrorism Sub-Limit

SCHEDULE PART II – Exception: Non-Applicability Of Terrorism Sub-Limit To Certain Fire Losses (refer to Paragraph D.):

State(s)	Coverage Form, Coverage Part Or Policy
Information required to complete this Schedule, if not shown above, will be shown in the Declarations.	

A. The following definitions are added with respect to the provisions of this endorsement:

1. "Terrorism" means any act that qualifies as a "certified act of terrorism" or an "other act of terrorism".
2. "Certified act of terrorism" means an act that is certified by the Secretary of the Treasury, in concurrence with the Secretary of State and the Attorney General of the United States, to be an act of terrorism pursuant to the federal Terrorism Risk Insurance Act of 2002. The criteria contained in that Act for a "certified act of terrorism" include the following:
 - a. The act resulted in aggregate losses in excess of \$5 million; and
 - b. The act is a violent act or an act that is dangerous to human life, property or infrastructure and is committed by an individual or individuals acting on behalf of any foreign person or foreign interest, as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States Government by coercion.
3. "Other act of terrorism" means a violent act or an act that is dangerous to human life, property or infrastructure that is committed by an individual or individuals and that appears to be part of an effort to coerce a civilian population or to influence the policy or affect the conduct of any government by coercion, and the act is not certified as a terrorist act pursuant to the federal Terrorism Risk Insurance Act of 2002.

For the purpose of this endorsement, the term "other act of terrorism" will apply only to an incident in which the total of insured damage to all types of property in the United States, its territories and possessions, Puerto Rico and Canada exceeds \$25,000,000. In determining whether the \$25,000,000 threshold is exceeded, we will include all insured damage sustained by property of all persons and entities affected by the terrorism and business interruption losses sustained by owners or occupants of the damaged property. For the purpose of this provision, insured damage means damage that is covered by any insurance plus damage that would be covered by any insurance but for the application of any terrorism exclusions. Multiple incidents of "other acts of terrorism" which occur within a 72-hour period and appear to be carried out in concert or to have a related purpose or common leadership will be deemed to be one incident.

B. Application Of Exclusions

The terms and limitations of any terrorism exclusion, or the non-applicability or omission of a terrorism exclusion, do not serve to create coverage for any loss which would otherwise be excluded under this Coverage Part or Policy, such as losses excluded by the Nuclear Hazard Exclusion or the War And Military Action Exclusion.

C. Limitation Of Amount Of Coverage For Acts Of Terrorism

When coverage applies to loss or damage caused by "terrorism", the full Limit of Insurance on the affected property or coverage does not apply to such loss or damage. Instead, the following limitation applies to the loss or damage. The limitation applies even if another Covered Cause of Loss contributes concurrently or in any sequence to the loss or damage, except as otherwise provided in this endorsement.

The Terrorism Sub-Limit is the most we will pay for the total of all loss or damage (sustained under the coverage to which the Sub-Limit applies) caused by one or more acts of "terrorism" in an annual policy period. If losses from an act of "terrorism" do not exhaust the Terrorism Sub-Limit, then the balance of that Sub-Limit is available for losses from a later act(s) that occurs in the same annual policy period. If an act of "terrorism" begins during one annual policy period and ends during the following annual policy period, the only amount of coverage available is the Sub-Limit (or balance of it) applicable to the annual policy period in which such act began.

Amounts payable under a Coverage Extension, Additional Coverage or similar provision in the policy do not increase the Terrorism Sub-Limit.

D. Exception: Non-Applicability Of The Terrorism Sub-Limit To Certain Fire Losses

The following exception applies only with respect to property located in the states indicated in Part II of the Schedule of this endorsement, if covered under the Coverage Form, Coverage Part or Policy indicated therein. The exception relates only to loss or damage caused by "terrorism".

W
I
T
H

R
A
W
N

When covered direct loss or damage attributable to fire exceeds the amount of the Sub-Limit, we will pay the full amount of the fire loss, up to the Limit of Insurance on the affected property, subject to policy provisions including Deductible and Valuation. In that circumstance, the Limit of Insurance is the most we will pay for the total of all covered direct loss or damage by fire and any other effect of the "terrorism" and any other Covered Cause of Loss that contributes concurrently or in any sequence to the loss or damage.

When covered direct loss or damage attributable to fire is less than the Sub-Limit, then the Sub-Limit is the most we will pay for the total of fire and any other covered loss or damage.

This Paragraph, D., does not apply to insurance provided under Business Income and/or Extra Expense coverage forms or endorsements that apply to those coverage forms, or to the Legal Liability Coverage Form or the Leasehold Interest Coverage Form. Therefore, when a Sub-Limit is shown for those coverages, the Sub-Limit for those coverages is the maximum recoverable regardless of whether fire is an effect of "terrorism".

E. Cap On Certified Terrorism Losses

With respect to any one or more "certified acts of terrorism", we will not pay any amounts for which we are not responsible under the terms of the Terrorism Risk Insurance Act of 2002 (including subsequent action of Congress pursuant to the Act) due to the application of any clause which results in a cap on our liability for payments for terrorism losses.

F. Coinsurance

The Coinsurance Condition in this policy does not apply to the coverage addressed in this endorsement.

LIMITED EXCLUSION OF ACTS OF TERRORISM (OTHER THAN CERTIFIED ACTS OF TERRORISM); CAP ON LOSSES FROM CERTIFIED ACTS OF TERRORISM; COVERAGE FOR CERTAIN FIRE LOSSES

This endorsement modifies insurance provided under the following:

AGRICULTURAL CAPITAL ASSETS (OUTPUT POLICY) COVERAGE PART

A. The following definitions are added with respect to the provisions of this endorsement:

1. "Certified act of terrorism" means an act that is certified by the Secretary of the Treasury, in concurrence with the Secretary of State and the Attorney General of the United States, to be an act of terrorism pursuant to the federal Terrorism Risk Insurance Act. The criteria contained in that Act for a "certified act of terrorism" include the following:
 - a. The act resulted in aggregate losses in excess of \$5 million; and
 - b. The act is a violent act or an act that is dangerous to human life, property or infrastructure and is committed by an individual or individuals acting on behalf of any foreign person or foreign interest, as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States Government by coercion.
2. "Other act of terrorism" means a violent act or an act that is dangerous to human life, property or infrastructure that is committed by an individual or individuals and that appears to be part of an effort to coerce a civilian population or to influence the policy or affect the conduct of any government by coercion, and the act is not certified as a terrorist act pursuant to the federal Terrorism Risk Insurance Act. However, "other act of terrorism" does not include an act which meets the criteria set forth in Paragraph b. of the definition of "certified act of terrorism", when such act resulted in aggregate losses of \$5 million or less.

B. The following exclusion is added:

EXCLUSION OF AN "OTHER ACT OF TERRORISM"

We will not pay for loss or damage caused directly or indirectly by an "other act of terrorism". Such loss or damage is excluded regardless of any other cause or event that contributes concurrently or in any sequence to the loss. But this exclusion applies only when one or more of the following are attributed to such act:

1. The terrorism is carried out by means of the dispersal or application of pathogenic or poisonous biological or chemical materials; or
2. Pathogenic or poisonous biological or chemical materials are released, and it appears that one purpose of the terrorism was to release such materials; or
3. The total of insured damage to all types of property in the United States, its territories and possessions, Puerto Rico and Canada exceeds \$25,000,000. In determining whether the \$25,000,000 threshold is exceeded, we will include all insured damage sustained by property of all persons and entities affected by the terrorism and business interruption losses sustained by owners or occupants of the damaged property. For the purpose of this provision, insured damage means damage that is covered by any insurance plus damage that would be covered by any insurance but for the application of any terrorism exclusions. Multiple incidents of "other acts of terrorism" which occur within a 72-hour period and appear to be carried out in concert or to have a related purpose or common leadership will be deemed to be one incident.

With respect to this Item B.3., the immediately preceding paragraph describes the threshold used to measure the magnitude of an "other act of terrorism" and the circumstances in which the threshold will apply, for the purpose of determining whether this Exclusion will apply to that incident. When the Exclusion applies to an "other act of terrorism", there is no coverage under this Coverage Part.

C. Exception Covering Certain Fire Losses

If an "other act of terrorism" results in fire, we will pay for the loss or damage caused by that fire. Such coverage for fire applies only to direct loss or damage by fire to Covered Property. Therefore, for example, the exception does not apply to insurance provided under Business Income And Extra Expense coverages or endorsements which apply to those coverages.

D. Cap On Certified Terrorism Losses

With respect to any one or more "certified acts of terrorism" under the federal Terrorism Risk Insurance Act, we will not pay any amounts for which we are not responsible under the terms of that Act (including subsequent action of Congress pursuant to the Act) due to the application of any clause which results in a cap on our liability for payments for terrorism losses.

E. Application Of Other Exclusions

The terms and limitations of any terrorism exclusion, or the inapplicability or omission of a terrorism exclusion, do not serve to create coverage for any loss which would otherwise be excluded under this Coverage Part, such as losses excluded by the Nuclear Hazard Exclusion or the War And Military Action Exclusion.

EXCLUSION OF ACTS OF BIOLOGICAL OR CHEMICAL TERRORISM; CAP ON LOSSES FROM CERTIFIED ACTS OF TERRORISM; COVERAGE FOR CERTAIN FIRE LOSSES

This endorsement modifies insurance provided under the following:

AGRICULTURAL CAPITAL ASSETS (OUTPUT POLICY) COVERAGE PART

A. The following definitions are added with respect to the provisions of this endorsement:

1. "Certified act of terrorism" means an act that is certified by the Secretary of the Treasury, in concurrence with the Secretary of State and the Attorney General of the United States, to be an act of terrorism pursuant to the federal Terrorism Risk Insurance Act. The criteria contained in that Act for a "certified act of terrorism" include the following:
 - a. The act resulted in aggregate losses in excess of \$5 million; and
 - b. The act is a violent act or an act that is dangerous to human life, property or infrastructure and is committed by an individual or individuals acting on behalf of any foreign person or foreign interest, as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States Government by coercion.
2. "Other act of terrorism" means a violent act or an act that is dangerous to human life, property or infrastructure that is committed by an individual or individuals and that appears to be part of an effort to coerce a civilian population or to influence the policy or affect the conduct of any government by coercion, and the act is not certified as a terrorist act pursuant to the federal Terrorism Risk Insurance Act. However, "other act of terrorism" does not include an act which meets the criteria set forth in Paragraph b. of the definition of "certified act of terrorism", when such act resulted in aggregate losses of \$5 million or less.

B. The following exclusion is added:

EXCLUSION OF AN "OTHER ACT OF TERRORISM"

We will not pay for loss or damage caused directly or indirectly by an "other act of terrorism". Such loss or damage is excluded regardless of any other cause or event that contributes concurrently or in any sequence to the loss. But this exclusion applies only when one or both of the following are attributed to such act:

1. The terrorism is carried out by means of the dispersal or application of pathogenic or poisonous biological or chemical materials; or
2. Pathogenic or poisonous biological or chemical materials are released, and it appears that one purpose of the terrorism was to release such materials.

C. **Exception Covering Certain Fire Losses**

EXCLUSION OF CERTIFIED ACTS AND OTHER ACTS OF TERRORISM; COVERAGE FOR CERTAIN FIRE LOSSES

This endorsement modifies insurance provided under the following:

AGRICULTURAL CAPITAL ASSETS (OUTPUT POLICY) COVERAGE PART

A. The following definitions are added with respect to the provisions of this endorsement:

1. "Certified act of terrorism" means an act that is certified by the Secretary of the Treasury, in concurrence with the Secretary of State and the Attorney General of the United States, to be an act of terrorism pursuant to the federal Terrorism Risk Insurance Act. The criteria contained in that Act for a "certified act of terrorism" include the following:

- a. The act resulted in aggregate losses in excess of \$5 million; and
- b. The act is a violent act or an act that is dangerous to human life, property or infrastructure and is committed by an individual or individuals acting on behalf of any foreign person or foreign interest, as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States Government by coercion.

2. "Other act of terrorism" means a violent act or an act that is dangerous to human life, property or infrastructure that is committed by an individual or individuals and that appears to be part of an effort to coerce a civilian population or to influence the policy or affect the conduct of any government by coercion, and the act is not certified as a terrorist act pursuant to the federal Terrorism Risk Insurance Act.

B. The following exclusion is added:

EXCLUSION OF CERTIFIED ACTS AND OTHER ACTS OF TERRORISM

We will not pay for loss or damage caused directly or indirectly by a "certified act of terrorism" or an "other act of terrorism". Such loss or damage is excluded regardless of any other cause or event that contributes concurrently or in any sequence to the loss. **But with respect to an "other act of terrorism", this exclusion applies only when one or more of the following are attributed to such act:**

1. The terrorism is carried out by means of the dispersal or application of pathogenic or poisonous biological or chemical materials; or
2. Pathogenic or poisonous biological or chemical materials are released, and it appears that one purpose of the terrorism was to release such materials; or
3. The total of insured damage to all types of property in the United States, its territories and possessions, Puerto Rico and Canada exceeds \$25,000,000. In determining whether the \$25,000,000 threshold is exceeded, we will include all insured damage sustained by property of all persons and entities affected by the terrorism and business interruption losses sustained by owners or occupants of the damaged property. For the purpose of this provision, insured damage means damage that is covered by any insurance plus damage that would be covered by any insurance but for the application of any terrorism exclusions. Multiple incidents of "other acts of terrorism" which occur within a 72-hour period and appear to be carried out in concert or to have a related purpose or common leadership will be deemed to be one incident.

With respect to this Item B.3., the immediately preceding paragraph describes the threshold used to measure the magnitude of an "other act of terrorism" and the circumstances in which the threshold will apply, for the purpose of determining whether this Exclusion will apply to that incident. When the Exclusion applies to an "other act of terrorism", there is no coverage under this Coverage Part.

C. Exception Covering Certain Fire Losses

If a "certified act of terrorism" or an "other act of terrorism" results in fire, we will pay for the loss or damage caused by that fire. Such coverage for fire applies only to direct loss or damage by fire to Covered Property. Therefore, for example, the coverage does not apply to insurance provided under Business Income And Extra Expense coverages or endorsements which apply to those coverages.

With respect to fire resulting from any one or more "certified acts of terrorism" under the federal Terrorism Risk Insurance Act, we will not pay any amounts for which we are not responsible under the terms of that Act (including subsequent action of Congress pursuant to the Act) due to the application of any clause which results in a cap on our liability for payments for terrorism losses.

"Certified act of terrorism" means an act that is certified by the Secretary of the Treasury, in concurrence with the Secretary of State and the Attorney General of the United States, to be an act of terrorism pursuant to the federal Terrorism Risk Insurance Act of 2002. The criteria contained in that Act for a "certified act of terrorism" include the following:
 - a. The act resulted in aggregate losses in excess of \$5 million; and
 - b. The act is a violent act or an act that is dangerous to human life, property or infrastructure and is committed by an individual or individuals acting on behalf of any foreign person or foreign interest, as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States Government by coercion.
2. "Other act of terrorism" means a violent act or an act that is dangerous to human life, property or infrastructure that is committed by an individual or individuals and that appears to be part of an effort to coerce a civilian population or to influence the policy or affect the conduct of any government by coercion, and the act is not certified as a terrorist act pursuant to the federal Terrorism Risk Insurance Act of 2002. EXCLUSION OF AN "OTHER ACT OF TERRORISM"

We will not pay for loss or damage caused directly or indirectly by an "other act of terrorism". Such coverage for fire applies only to direct loss or damage by fire to Covered Property. Therefore, for example, the coverage does not apply to insurance provided under Business Income And Extra Expense coverages or endorsements which apply to those coverages.

With respect to fire resulting from any one or more "certified acts of terrorism" under the federal Terrorism Risk Insurance Act of 2002, we will not pay any amounts for which we are not responsible under the terms of that Act (including subsequent action of Congress pursuant to the Act) due to the application of any clause which results in a cap on our liability for payments for terrorism losses.

D. Application Of Other Exclusions

The terms and limitations of any terrorism exclusion, or the inapplicability or omission of a terrorism exclusion, do not serve to create coverage for any loss which would otherwise be excluded under this Coverage Part, such as losses excluded by the Nuclear Hazard Exclusion or the War And Military Action Exclusion.

CAPITAL ASSETS PROGRAM (OUTPUT POLICY) COVERAGE PART

A. The following definitions are added with respect to the provisions of this endorsement:

1. "Certified act of terrorism" means an act that is certified by the Secretary of the Treasury, in concurrence with the Secretary of State and the Attorney General of the United States, to be an act of terrorism pursuant to the federal Terrorism Risk Insurance Act of 2002. The criteria contained in that Act for a "certified act of terrorism" include the following:
 - a. The act resulted in aggregate losses in excess of \$5 million; and
 - b. 2. "Other act of terrorism" means a violent act or an act that is dangerous to human life, property or infrastructure that is committed by an individual or individuals and that appears to be part of an effort to coerce a civilian population or to influence the policy or affect the conduct of any government by coercion, and the act is not certified as a terrorist act pursuant to the federal Terrorism Risk Insurance Act of 2002.

B. The following exclusion is added:

EXCLUSION OF CERTIFIED ACTS AND OTHER ACTS OF TERRORISM

We will not pay for loss or damage caused directly or indirectly by a "certified act of terrorism" or an "other act of terrorism". Such loss or damage is excluded regardless of any other cause or event that contributes concurrently or in any sequence to the loss. **But with respect to an "other act of terrorism", this exclusion applies only when one or both of the following are attributed to such act:**

1. The terrorism is carried out by means of the dispersal or application of pathogenic or poisonous biological or chemical materials; or
2. Pathogenic or poisonous biological or chemical materials are released, and it appears that one purpose of the terrorism was to release such materials.

C. Exception Covering Certain Fire Losses

If a "certified act of terrorism" or an "other act of terrorism" results in fire, we will pay for the loss or damage caused by that fire. Such coverage for fire applies only to direct loss or damage by fire to Covered Property. Therefore, for example, the coverage does not apply to insurance provided under Business Income And Extra Expense coverages or endorsements which apply to those coverages.

A. The following definitions are added with respect to the provisions of this endorsement:

1. "Certified act of terrorism" means an act that is certified by the Secretary of the Treasury, in concurrence with the Secretary of State and the Attorney General of the United States, to be an act of terrorism pursuant to the federal Terrorism Risk Insurance Act of 2002. The criteria contained in that Act for a "certified act of terrorism" include the following:
 - a. The act resulted in aggregate losses in excess of \$5 million; and
 - b. The act is a violent act or an act that is dangerous to human life, property or infrastructure and is committed by an individual or individuals acting on behalf of any foreign person or foreign interest, as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States Government by coercion.
2. "Other act of terrorism" means a violent act or an act that is dangerous to human life, property or infrastructure that is committed by an individual or individuals and that appears to be part of an effort to coerce a civilian population or to influence the policy or affect the conduct of any government by coercion, and the act is not certified as a terrorist act pursuant to the federal Terrorism Risk Insurance Act of 2002. However, "other act of terrorism" does not include an act which meets the criteria set forth in Paragraph b. of the definition of "certified act of terrorism", when such act resulted in aggregate losses of \$5 million or less.

B. The following exclusion is added:

EXCLUSION OF AN "OTHER ACT OF TERRORISM"

We will not pay for loss or damage caused directly or indirectly by an "other act of terrorism". Such loss or damage is excluded regardless of any other cause or event that contributes concurrently or in any sequence to the loss. But this exclusion applies only when one or more of the following are attributed to such act:

1. The terrorism is carried out by means of the dispersal or application of pathogenic or poisonous biological or chemical materials; or
2. Pathogenic or poisonous biological or chemical materials are released, and it appears that one purpose of the terrorism was to release such materials; or
3. The total of insured damage to all types of property in the United States, its territories and possessions, Puerto Rico and Canada exceeds \$25,000,000. In determining whether the \$25,000,000 threshold is exceeded, we will include all insured damage sustained by property of all persons and entities affected by the terrorism and business interruption losses sustained by owners or occupants of the damaged property. For the purpose of this provision, insured damage means damage that is covered by any insurance plus damage that would be covered by any insurance but for the application of any terrorism exclusions. Multiple incidents of "other acts of terrorism" which occur within a 72-hour period and appear to be carried out in concert or to have a related purpose or common leadership will be deemed to be one incident.

With respect to this Item B.3., the immediately preceding paragraph describes the threshold used to measure the magnitude of an "other act of terrorism" and the circumstances in which the threshold will apply, for the purpose of determining whether this Exclusion will apply to that incident. When the Exclusion applies to an "other act of terrorism", there is no coverage under this Coverage Part.

C. Cap On Certified Terrorism Losses

With respect to any one or more "certified acts of terrorism" under the federal Terrorism Risk Insurance Act of 2002, we will not pay any amounts for which we are not responsible under the terms of that Act (including subsequent action of Congress pursuant to the Act) due to the application of any clause which results in a cap on our liability for payments for terrorism losses.
